

Crochet Plant Hangers: Quick and Easy Crochet for Your Indoor Greenery

Are you looking for a fun and easy way to add a touch of greenery to your home? Crochet plant hangers are a great way to do just that! They're quick and easy to make, and they can be customized to fit any style or décor.

In this article, we'll show you how to crochet three different plant hangers: a simple basic hanger, a more decorative hanging planter, and a macrame-inspired hanger. We'll also provide tips on choosing the right yarn and hook size, and how to care for your finished hangers.

Materials

- Worsted weight yarn in any color you like
- Crochet hook in size H (5mm)

- Scissors
- Measuring tape
- Yarn needle

Basic Plant Hanger

The basic plant hanger is the simplest of the three hangers, and it's a great place to start if you're new to crochet. It's made with a simple chain stitch and single crochet stitch, and it can be customized to any length you want.

Instructions:

1. Chain 100 stitches.
2. Single crochet into the second chain from the hook. Single crochet into each remaining chain across.
3. Chain 1 and turn. Single crochet into each single crochet across.
4. Repeat Step 3 until the hanger is the desired length.
5. Fasten off and weave in loose ends.

Decorative Hanging Planter

The decorative hanging planter is a bit more elaborate than the basic plant hanger, but it's still easy to make. It features a granny square motif, which adds a touch of color and texture to the hanger.

Instructions:

1. Make a granny square according to your desired size.

2. Single crochet around the edge of the granny square.
3. Chain 1 and turn. Single crochet into each single crochet around.
4. Repeat Step 3 until the hanger is the desired length.
5. Fasten off and weave in loose ends.

Macrame-Inspired Hanger

The macrame-inspired hanger is the most challenging of the three hangers, but it's also the most stylish. It features a macrame-like knotting technique, which creates a unique and eye-catching design.

Instructions:

1. Cut 4 pieces of yarn, each 12 feet long.
2. Fold the yarn in half and tie a lark's head knot around the top of a ring or dowel.
3. Divide the yarn into two groups of two, and knot them together using a square knot.
4. Repeat Step 3 with the remaining two groups of yarn.
5. Continue knotting until the hanger is the desired length.
6. Fasten off and weave in loose ends.

Tips

- When choosing yarn for your plant hanger, keep in mind the weight of the plants you'll be hanging. Worsted weight yarn is a good choice for most plants, but you may want to use a thicker yarn for heavier plants.

- The hook size you use will also affect the size and drape of your hanger. A smaller hook size will create a tighter, denser hanger, while a larger hook size will create a looser, more airy hanger.
- To care for your finished hanger, simply hand wash it in cold water and lay it flat to dry.

Crochet plant hangers are a quick and easy way to add a touch of greenery to your home. They're also a great way to use up leftover yarn and to personalize your décor. With a little practice, you'll be able to create beautiful and unique plant hangers that will add a touch of style to your home for years to come.
