Mobile strike forces were small, highly mobile units that were designed to conduct raids, ambushes, and other offensive operations against the Viet Cong and North Vietnamese Army. They were often used to respond to enemy threats in remote areas or to provide support for other units. Mobile

strike forces played a vital role in the U.S. military's efforts to combat the insurgency in Vietnam, and they were responsible for some of the war's most successful operations.

Battle Free Downloads 30 is the official field manual for mobile strike forces in Vietnam. It provides detailed instructions on how to plan and conduct operations, as well as how to use the equipment and weapons that were available to these units. The manual is an invaluable resource for anyone who wants to learn more about the history and tactics of mobile strike forces in Vietnam.

This book is a must-read for anyone interested in the Vietnam War, military history, or military strategy. It is a comprehensive and visually stunning account of one of the most important and successful military units in American history.

Features

- Over 200 rare photographs
- Detailed maps of every major operation
- Firsthand accounts from veterans
- An in-depth look at the tactics and equipment used by mobile strike forces
